RUBBER BANDS

Aero Rubber Company, Inc
708.430.4900 ext 236 (Sue)
8100 West 185 Street
Tinley Park, IL 60487

LARGE ADVERTISING BANNERS

To do this size you would need to work with a billboard company that can do the entire side of a semi-trailer.

- You may want to try someone like Lamar Advertising <http://www.lamar.com> for this size.
- You would want to place several Grommets in all four corners and 3 to 4 in the middle, top and bottom.
- You would need to secure it with rope or bungee cords, so it does not fly off in heavy winds.
- You want to make it out of a thick mil of material so it can be used over and over again.
- One group in Florida had a semi-sized banner done at a discounted cost of material at around 400 dollars and labor was donated.
- Generally you would be looking at at price of around 800 dollars now but it could rise.
